ABOUT IGNTU

The Indira Gandhi National Tribal University, Amarkantak has been established by an Act of the Parliament of India, the Indira Gandhi National Tribal University Act, 2007. The University started functioning from July 2008. The jurisdiction of the University extends to the whole country and it is fully funded by the Central Government through the University Grant Commission. The university caters to the tribals' long cherished dream of higher education.

Aims and Objectives

The tribal people are rich in cultural heritage and skill of art and craft but they are still marginalized in respect to higher education as well as in other walks of life. - To provide avenues of education, especially higher education and research facilities primarily for the tribal population of India.
- To disseminate and advance knowledge by providing instructional and research facilities in tribal art, tradition, culture, language, medicinal systems, customs, forest based economic activities, flora, fauna and advancement in technologies relating to the natural resources of the tribal areas.
- To collaborate with national and international universities and organizations, especially for undertaking cultural studies and research on tribal communities.
- To formulate tribal centric development models, publish reports and monographs and to organize conferences and seminars on issues relating to tribes and to provide inputs to policy matters in different spheres.
- To take appropriate measures for promoting the members of tribal communities capable of managing, administering and looking after their own needs by access to higher education through a university of their own.
- To disseminate and advance knowledge by providing instructional and research facilities in such other branches of learning as it may deem fit.
- To take appropriate measures for promoting innovations in teaching learning process in interdisciplinary studies and researches and to pay special attention to the improvement of social, educational and economic conditions and welfare of the scheduled tribes within the Union of India.

In view of the aims and objectives of the university the major thrust will be on providing more opportunity for the tribes. However, the university is open to all.

The Salient features of the academic system followed by the University are:

- To provide value-based education aiming for morale and character building;
- To provide an easy access to an affordable quality education, research and training for enhancement of employable skills
